Doors	**Sliding**
Side window	**Letterbox · right**
Room use	**Work**

From the Oeco collection

Official Canopy photography. This is inspiration for the range; your individually configured design appears on page 1.

Thermowood

Digital and printed colours are approximate. Confirm physical samples, dimensions, materials, glazing and the final specification before ordering.

Personal design concept. Final specification and price confirmed by Oeco.

03 / THE OECO PACKAGE

The detail behind the design.

Use this page to understand the published package scope and prepare the right questions for your site survey.

Included in the published room package

- UK mainland delivery and on-site installation, subject to access and site confirmation
- Concrete or steel pile foundation system, subject to suitable ground conditions
- Fully insulated floor, walls and roof
- Plastered interior walls and ceiling
- Choice of laminate flooring
- Concealed internal electrical wiring, four white double sockets and a 600mm LED ceiling panel
- A-rated PVCu double glazing: standard 2.4m sliding doors and 1.2m x 0.5m letterbox opening window
- Rear rainwater guttering and downpipe
- 10-year structural guarantee, subject to Oeco terms

Your priorities

Space to focus.

Think about desk position, daylight for video calls, Wi-Fi, storage and everyday comfort.

10-year structural guarantee. Fully insulated. Built and installed for your garden. Scope and guarantee conditions remain subject to Oeco terms and the final survey.

Personal design concept. Final specification and price confirmed by Oeco.

04 / YOUR PRICE & SCOPE

A clearer starting point.

The exact current Oeco configurator package price for the room shape, size, style and cladding you selected.

PUBLISHED PACKAGE PRICE

£20,913

Contemporary Thermowood Timber

Canopy / 4.0m x 3.0m

Current Oeco room package	**£20,913**

Preferences to confirm

Your door and window preferences follow the selected style's standard layout.

Nonstandard window and door preferences are confirmed separately. Current promotion eligibility is agreed in your final Oeco quotation.

Confirm before ordering

House mains electrical connection; access and ground conditions; any site preparation or additional work; exact glazing and material specification; planning or Building Regulations where relevant; current promotion eligibility and VAT treatment.

05 / BRING YOUR ROOM TO LIFE

Your next step, made simple.

Save this guide, refine your design, and contact Oeco when you are ready to discuss your garden.

- [ ] **Measure your garden**

  Allow for the external footprint, canopy or porch, boundaries, maintenance access and door movement.

- [ ] **Check the access route**

  Note gate widths, steps, slopes and anything that could affect installation.

- [ ] **Take a few photographs**

  Capture the proposed position and the route from the road to your garden.

- [ ] **Prepare your wish list**

  Share furniture or equipment sizes, heating, lighting, power and Wi-Fi needs.

- [ ] **Review the final specification**

  Confirm the base, services, glazing, finishes, planning requirements and final written quotation.
